

Honour's Board

Looking for ways to let the world know your facility educates its staff?

Do your residents & their families know about the training at your facility?

Do visitors to your facility know about how well your residents are cared for?

Do your Staff feel that they receive recognition for their training efforts?

Sick of all the negative comments in the media about staff training?

The Honour's Board can help!

This high quality Honors' Board is designed to hang in your reception area and tell the world about the training that takes place in your facility

Feedback from Managers who have purchased a Board:

- "Residents have taken notice of the Board but the most interest has come from Caregivers, they either want their name on the Board or they want to finish the next ACE programme so they can get the next coloured programme tag up— we are delighted with the result."
- "We have our boards up in reception & I have numerous comments how good they look."
- "The auditors were very interested and thought it was a great idea "
- "The board looks great and was worth every cent."
- "I had two staff members sign up to do the ACE Programme the day the Board went up, they didn't want to miss out on their name being up there."
- "The local paper took a photo and wrote a large article about our facility and all the training we do. Worth so much more than a paid add."
